## PROFESSIONAL SUMMARY

Computer Science and Engineering student with a strong foundation in full-stack development, backend engineering, and AI-driven applications. Skilled in building scalable, reliable systems that solve real-world problems. Focused on combining disciplined engineering practices with modern web and AI technologies.

## EDUCATION

Bachelor of Technology (B.Tech), Computer Science & Engineering

University of Kashmir

7th Semester • 2022–2026

## TECHNICAL SKILLS

Programming: Python, JavaScript, C, Java, SQL

Web Development: React, Next.js, Node.js, Flask

Databases: MongoDB, Firebase, SQL

AI/ML: AI libraries, custom model integration

Tools & DevOps: Git, GitHub, CI/CD pipelines, Docker (basic), Linux environment

Other Skills: REST APIs, authentication systems, cloud deployment (Vercel, Render)

## PROJECTS

Smart Hire – AI Recruitment Platform (Major Project)

- Designed an AI-driven job–candidate matching system to reduce bias and improve hiring accuracy.
- Built backend architecture, API logic, and AI model integration.
- Developed responsive frontend flows for applicants and recruiters.

Restaurant Management Tool (Flask)

- Created an order, delivery, and kitchen workflow system usable as a desktop or online tool.
- Implemented real-time updates across admin and kitchen views.

#### Agency Management System (Flask)

- Built a full admin dashboard for managing clients, tasks, and internal workflows.
- Added authentication, CRUD features, and clean UI components.

#### Personal Portfolio (Next.js)

- Developed a modern portfolio website showcasing skills, projects, and services.
- Focused on performance optimization, animations, and responsive design.

### PRACTICAL EXPERIENCE

Hands-on engineering experience gained through building real, end-to-end applications. Involves full-stack development, deployments, backend logic, database design, and AI feature integration.

### ACHIEVEMENTS & ROLES

- Member of the organizing team for WC3, an international event involving educators, industry experts, university representatives, and policymakers from over 95 countries, focused on integrating career and college counseling into school education.
